Dedication

Celebration of Life in the Township of Wall

To the Wall Township Environmental Advisory Committee for endeavoring to be the best that it can be.

To the Wall Township Committee who magnificently govern to protect and preserve the rural character of Wall.

To all of its residents (past, present, and future) who choose to live, work, or raise families in such a desirable community offering diversified resources and an exceptional quality of life.

Life in Wall Township “Past and Present” Commemorative Heritage Book

The WTEAC would especially like to thank our member and photographer, **Ellen Smith**, who contributed a vast collection of impressive photos for publication of this book. Her assistance was invaluable and enabled us to move forward with this project.

The visual heritage book was initiated, created, and formatted (layout and design) by **Wilma Morrissey**, Chairwoman of the Wall Township Environmental Advisory Committee, for your reading pleasure. The chairwoman also contributed photos in a collaborative effort to assist Ellen Smith.

The WTEAC appreciates the enthusiasm of **Fred Carl**, Founder and President of InfoAge, who reviewed our commemorative heritage book and provided a historical perspective on notable events.

In addition, the WTEAC would like to acknowledge **Hance Morton Sitkus**, CPA and author of Images of America: Allaire, for his volunteerism and interest in our project. The WTEAC appreciates his expertise in assisting us with numerous revisions, edits, and additions.

Special thanks to **Mary Ware and Bob Baumgartner** for their publishing expertise and advice. Also, the WTEAC is grateful to **Steve Mayer** for his financial guidance.

The WTEAC appreciates the research contributions of **Brittany Lavelle**, M.S.H.P for her input and submission on historic houses and landmarks of importance.

Publications for review include the Old Wall Historical Society's Pictorial Guide of Old Wall and the Wall Township: A Quieter Time; Sitkus and Napolitan's Images of America: Allaire and Wall Township; the WTEAC Historic Site Inventory, and ERI as well as other resources.

This visual heritage book took the Chair two years to complete, which included countless hours on page layout and design – indeed, a labor of love! There are approximately 350 to 400 photos taken by personal cameras during the years of 2012 to 2014 which allowed the WTEAC to capture a significant and viable snapshot of Wall Township, past and present.
