

Preschool Piano Prep

Music Lessons with Amy presents to you Preschool Piano Prep hosted by **Wall Recreation**. Children ages 3 through 5 years old will be introduced to the piano through patterns, the musical alphabet, and finger number identity. Children will learn rhythms through activities which will then be transferred back to the piano. Note values and recognition of the music staff will all lead to children learning how to play simple melodies. Children may even start using music theory terms in their daily conversation.
